When the tornado hit the Dayton area on Memorial Day weekend in 2019 it completely destroyed our business. Our building was destroyed, and all of our stock and equipment were spread over the area and completely destroyed. I had no idea where to begin. My main focus was to get my business up and running as soon as I could. We were left with a lot of questions and not very many answers.

I hired the Alex N. Sill Company to be my advocate. They came in and put together a plan to move forward. Mike Werner handled all the day-to-day communication with the adjuster. His team began to address all aspects of the insurance claim. They were very detailed on all aspects of the claim which in turn, led to a favorable settlement with the insurance company.

I would recommend Michael and his team to anyone that suffers a loss. They were professional throughout the entire process. The communication was great. There was never a time that I did not know what was going on with my claim.

If I ever suffer a loss again, my first call will be to Michael Werner and the Alex Sill Company.
