To Whom it may concern:

As a seasoned business owner with a broad range of experiences, the one thing that I had not experienced was the reality of fire damage. After our incident (on 04/24/2021), we met the SILL team and quickly learned how complex the insurance claim process was in navigating the path towards recovering a lost business operation.

Jeff Thompson (General Adjuster) and Zack Murray (Forensic Accountant) were invaluable to our business with the preparation, submission, and negotiation of our insurance claims. The amount of work and forensics required to successfully reach a settlement was mind boggling. Their work ethic and communication with us throughout the process was stellar. They partnered with us from start to finish, always putting our needs first during the process, and keeping informed every step of the way. A big thank you to Jeff and Zack for providing first class service!

I would recommend SILL Public Adjusters to anyone who wants the best representation possible when dealing with an insurance claim.

Sincerely,
Mr. Hands
